

Waely Care RX Secured Pharmaceutical Delivery

Seamless pharmaceutical delivery solutions, no matter the destination

Fully
HIPAA Compliant

Secured & Confidential
Pharmaceutical Delivery

100%
Visibility & Transparency

Our Waely Care RX service offers comprehensive pharmaceutical courier solutions for pharmacies. We transport pharmaceuticals 24/7, all year round, and guarantee secure and timely deliveries to your patients. At Waely Care, every package we deliver is a priority. We pay attention to every detail to ensure the correct package is delivered to the right address at the right time every time.

We use state of the art courier technology that allows pharmacies to request pickups online with the option to utilize barcode technology for all packages to minimize errors. We also ensure that strict chain of custody procedures are adhered to through digital signature capture, proof of every package delivery, and geofencing technology.

Key Features Waely Care RX Courier Technology

Pharmacy Online Portal

Pharmacy can :

- Request API integration with pharmacy systems
- Enter delivery information
- Upload information for bulk pick-ups
- Print labels with barcodes
- Add any special delivery instructions for the patient.

Real-time notifications

Security

SMS / EMAIL NOTIFICATIONS

- Once an order is placed, patients get an SMS /email notification of each step of the delivery process.

GPS TRACKING

- The patient and the Pharmacy can track every package, providing the convenience of knowing exactly when medications will be delivered.

DIGITAL SIGNATURE CAPTURE & PROOF OF DELIVERY

- The Pharmacy receives a digital signature of the recipient, proof of delivery, and any status codes applied to each order.

BARCODE SCANNING TECHNOLOGY

- Each courier is equipped with scanning devices to scan each package at delivery. This reduces errors significantly and also provides real-time visibility of every package.

GEOFENCING

- With geofencing technology, couriers can only complete orders at the delivery location. This provides an extra layer of security for every order.

Your Pharmacy and your patients deserve secure, reliable, and on-time pharmaceutical courier services. Our customized solutions for pharmacies optimize pharmacy operations of any size while ensuring packages arrive timely and securely at the correct address.
